

Tasikoki 2018 Wish List

Many of the items on this list cannot be found on Sulawesi and we rely on your generosity in donating what you can.

Rest assured that anything you can donate from this list will be used to help the the staff and volunteers enrich the daily lives of the wildlife, or in some cases their own. Even the human primates here need some home comforts from time to time.

Food Items & Supplements

These can be used to enrich the diet of the animals as well as be used to help create enrichment items to stimulate natural behaviour by the wildlife.

Pure honey (nothing added)

Pure syrups (nothing added) such as Agave, Rosehip & Maple)

Edible Dog treats and chews

Dry Cat Food

Lorikeet mix. A commercially made product in powdered form designed specifically for Lorikeet birds and something that has to be bought into Sulawesi.

e.g. <http://www.trill.com.au/products/lorikeet/lorikeet-mix/>

Peanut Butter (nothing added and palm oil free)

Dried fruits (with nothing added and palm oil free)

Sunflower seeds. Shelled and unshelled.

Birdseed of almost any variety as we use several kilos every week but it is almost impossible for us to get here and varieties for parrots, wildbirds, cockatoos, songbirds and others are all welcome.

Mealworms. These can be bought as a petfood supplement, dried and ready to go.

Dried beans such as borlotti, chickpea, black eyed, kidney, mung etc

Gum Arabic powder. This is essential for feeding our nocturnal Slow Loris

Aloe Vera gum (with nothing added)

Nuts such as cashew, almond, walnut, chestnut, pine nut, peanut, pistachio, hazelnuts, macadamia, pecan, brazil nuts (unsalted and with nothing added)

Raisins and Sultanas

Dry dog food

Oats (with nothing added and palm oil free)

Muesli cereals (with nothing added and palm oil free)

Repashy Superfoods. Repashy is a trusted manufacturer of food supplements, primarily for reptiles, and every single one of their supplements can be used here for reptilian and mammalian wildlife.

Calcium supplements for reptiles
